

Institution	University of Bradford
Name of programme	MSc Medical Imaging
Name of contact person	Gary Culpan
Contact email	d.g.culpan@bradford.ac.uk
Contact phone	01274236317
Name of GI modules	Fundamentals of Image Reporting 10 M-level credits, Gastrointestinal Image Reporting - Theory 20 M-level credits, Gastrointestinal Image Reporting - Clinical 20 M-level credits
Institution	Canterbury Christ Church University
Name of programme	MSc Medical Imaging Programme
Name of contact person	Gill Dolbear
Contact email	gill.dolbear@canterbury.ac.uk
Contact phone	01227 782085
Name of GI modules	Open workbased modules (stand-alone or as part of a PgC/PgD/MSc) in Barium Swallows; Barium Swallows & Meals; Videofluoroscopy; Barium Enemas; Barium Enema Reporting Credit rating = 20 HE level 4 credits per module, Intake dates = February and October 2008
Institution	University of Dundee
Name of programme	MSc Advanced Practice (Diagnostic Imaging)
Name of contact person	Dr Margot McBride, College of Medicine, Dentistry & Nursing, University of Dundee, 11 Airlie Place, Dundee
Contact email	mmcbride@dundee.ac.uk
Contact phone	07974643030
Name of GI modules	Clinical Image Reporting (GI(Lower)Tract) 30 CATS credits
Institution	Glasgow Caledonian University
Name of programme	PgC/PgD/MSc Diagnostic Imaging, PgC GI Imaging and Reporting
Name of contact person	Dr Helen L Gallagher, Post Graduate Awards Coordinator
Contact email	H.L.Gallagher@gcal.ac.uk
Contact phone	0141 331 3398
Name of GI modules	Gastro-Intestinal Tract Imaging 30M level credits September 2008, Gastro-Intestinal Image Reporting 30M level credits September 2008

Institution	University of Hertfordshire
Name of programme	Medical Imaging and Radiation Science
Name of contact person	Louise Smith
Contact email	L.M.Smith@herts.ac.uk
Contact phone	01707 281030
Name of GI modules	Pathophysiology for image interpretation of the gastrointestinal tract 15 credits, Clinical applications: Image interpretation of the gastrointestinal tract 30 credits, Clinical Applications:Barium enema technique 15 credits. September 2008
Institution	The Robert Gordon University, Aberdeen
Name of programme	Postgraduate Professional Studies Programme
Name of contact person	Morag Howard
Contact email	m.l.howard@rgu.ac.uk
Contact phone	01224-263250
Name of GI modules	Barium Enema Practice 30 M Level credits. Intake dates February 2008, Barium Enema Reporting 30 M Level credits. Intake dates October 2008
Institution	University of Salford
Name of programme	Advanced Practice (Gastrointestinal Imaging)
Name of contact person	Julie Nightingale
Contact email	J.Nightingale@salford.ac.uk
Contact phone	0161 2952158
Name of GI modules	Clinical and Radiological Assessment of Swallowing Disorders (VFS and barium swallow / meal). 30 M Level credits Intake-September 2008; Fundamentals of Radiological Reporting (GI pathway) 30 M Level credits Intake-February 2008, Radiology Image Interpretation (GI pathway) 30 M Level credits, Intake-September 2008 (For competence assessment in DCBE reporting, both GI pathway modules must be undertaken). Extending Proficiencies in Health Care Practice 30 M Level credits, Normally Feb and Sept intakes. A multi-professional work based learning module which can be used to support practice development in less common areas (eg. proctography / hysterosalpingography).
